

Who ARE we PRAYING FOR?

As you know by now, this is the section where the correction process begins (that's the title). The point is to look at the "design Book" to see if we could find instructions that might apply to our present way of life.

According to the word (Don't forget, again, that this is a NATION under God... Not a generic one but the God of the Bible. That's

why ~~am~~ making the reference)
in 1st Timothy 2:1-2 says that
we should pray for those who
rule us. The Bible also says in
Daniel chapter 2:21 that "He deposes
kings and raised up others."

So, how are we going to do
that? Would it be accurate
to say that there is a
big segment of our society
that would find hard to pray
the (past) to pray for the
president? Moreover... Would

if be wrong to say, that
same amount of people, might
think that God had gone crazy
to the point of questioning His
Choice? We had been this before...
times where we had gone
against the design just
to bear death, frustration, hopelessness.

When we walk away from
God's wise design, we are under
the influence of our ^{sin-full} ~~sinful~~
nature and limited understanding

If we CAN'T trust God to rule
through our political leaders,
if we can't trust God to
give wisdom to them (His not ours)
then we are condemning ourselves
to a perpetual state of
hopeless-ness, forgetting in the
way that the design is "thy
will be done"... that's accomplished
through living according to the
design... ego... through prayer.
for those who had been raised
even when we might NOT

Share their COVENANT... After All
God doesn't ASKED for our opinion.
His KING-dom is NOT A democracy
based... He commanded and we obey
that's the way we roll in the
Kingdom. He commanded us to pray
for He who WAS elected... the
question still is... are we going
to comply OR Are we going to
be rebellious? If we decide for
the second then... we will
bear the consequences...
